

Description

These ultra space saving high quality 304 grade stainless steel service cabinets will fit through any standard doorway. The cabinets were specially designed with a depth of only 710mm, giving three important benefits:

- fit through a 30 inch (760mm) wide door
- the shallow depth gives ultra reach capacity avoiding food going missing at the rear of the shelving, improving stock rotation
- convenient depth to line up with other commercial kitchen appliances

The modern design includes an integrated door handle, clean hygienic lines and a high visibility digital display.

The bottom mounted motor system is convenient for routine cleaning and maintenance.

All Unifrost cabinets come with a two year piece of mind parts warranty.

Digital display for easy reading.

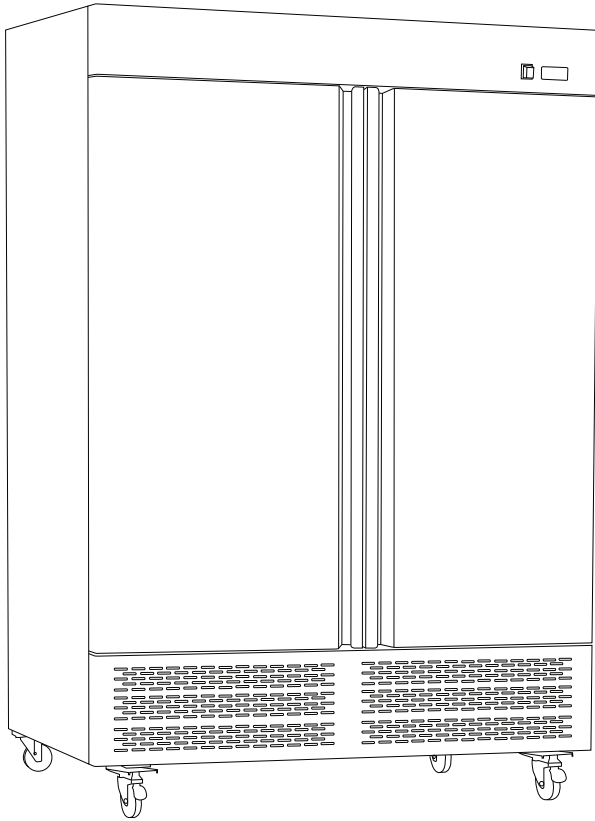

High density polyurethane insulation.

Removable door gasket can be easily cleaned or replaced.

Model	Dimensions	Temperature Range	Capacity	Connection
R900S	W1370 x D750 x H2000	0°C to +8°C	980 Lt	Plug-in
F900S	W1370 x D750 x H2000	-18°C to -22°C	980 Lt	Plug-in

★ Star Features

- Direct air cooling
- High grade 304 stainless interior/ exterior
- Lockable doors
