

Description

Open display cold toppings fridges are simply designed incorporating a stainless lid ideal for fast service.

These units are portable and can be mounted on the top of work tables and counter fridges.

These two models accept GN^{1/4} and GN^{1/2} size containers with a depth max of 150mm. Ideal for preparing salads, cooled meats, pizza ingredients, sandwiches or wraps.

Star Features

- Quality stainless construction
- Gastronorm GN 1/4 interior
- Dixell digital controller
- Semi-portable appliance
- Robust compressor
- Quality components
- Containers not included
- Low running costs
