

Description

All stainless double door fridge, GN1^{1/2} interior and provides economical safe bulk storage. A precision high density polyurethane insulation provides excellent thermal efficiency, contributing to low running costs. The cabinet is convenient for all catering outlets, banqueting and contract catering. The defrost management system has a dual device to speed up the process and reduce over freezing the evaporator. Double door cabinets are always an attractive package because the large interior is efficiently cooling on a simple plug-in unit. Ideal for meats or general produce.
